The Orchid Gift Tote™ showcases your delicate orchids beautifully in an easy to carry, gift-ready tote. The die cut handle on the Orchid Gift Tote™ promotes multiple sales of more than one orchid as an easily accessible cash and carry item. Not only is the Orchid Gift Tote™ modern and fashionable, its design helps protect the orchids from damage and reduces shrink. Create eye-catching orchid displays by grouping several Orchid Gift Totes™ together.

The rectangular shape allows for more product to be displayed on your shelves. The Orchid Gift Tote™ comes standard with a vibrant high resolution orchid image, but can be customized with any high resolution photo, logo or brand. Let us create a custom Orchid Gift Tote™ for you!
