

exclusively from

economical • easy-to-use esthetically beautiful

For years pre-formed plastic film covers have been used for decorating a Potted Plant's Grower Pot quickly and easily while providing the Consumer with a hand decorated look.

Closely emulating traditional hand-formed and wrapped Florist Foil - the e Cover™ is the next step in pre-formed and Ready-to-Use Plastic and Paper Sheet Covers for Potted Plants that are:

- Easy-to-Use
- Time and Labor Saving
- Hand-formed in Appearance
- Leak Resistant and Colorfast
- A Great Upscale Look at an Economical Cost

Designed for use by high-volume Professional Growers serving the Mass Market Chain Store Industry with quality indoor house plants. Give your Customers and Plants a great upscale, hand-formed look with the A-ROO Company's e Covers™.

▶ Metallic Brights e Covers™ ▶
