@aroompany

A-ROO Company's storage bag for Cannabis is easy-to-use and has special characteristics to promote freshness and contain odor. Each Bulk Cannabis Bag features a convenient adhesive strip that allows for uniform closure and the ability to be opened and resealed over and over again.

The unique 7-Layer Co-Extrusion film construction is USDA / FDA Approved. The film is made in the USA and the bags are made in our own AIB Rated Food Contact Packaging Manufacturing facility in Strongsville, Ohio. It is 3.5 mil thick and built to be strong and tear resistant. The surface of the bag can be written on with an ink pen or marker for identification purposes easily.

Easy-to-Use – Loads easy and tears-off cleanly from a wire wicket pack that can be hung almost anywhere.

Special 7-Layer Film – Strong, tear resistant, holds freshness and odor – bags and film are MADE IN USA.

Closure Feature – Reusable Self-Adhering Closure Tape Strip is included on each bag. This strip provides a quick means of closing off the Bulk Cannabis Bag and allows convenient access in and out of the bag.

Custom sizes and printing available for brand identification and promotion.
