TERRACOTTA

The NeoTerra™ Tall Upstyle™ Cover offers you all the benefits of our classic NeoTerra™ Upstyle™ Cover but with a raised dimple to prevent the roots from resting in water.

Terracotta and stone pots have been widely used for potted plants and have become an essential offering a long-time customer favorite. Unfortunately, they take up a lot of inventory space, are heavy, prone to breakage, can be vulnerable to cold weather and discolor with age.

NeoTerra™ Tall Upstyle™ Covers are a lightweight and durable alternative to traditional terracotta and stone pots.

Manufactured with a state of the art process, NeoTerra™ mimics the matte look of clay or stone without the risks associated with clay. The savings on freight and shipping as well as shrink from broken or chipped pots make the NeoTerra™ Tall Upstyle™ Cover as economical as it is stylish.

Consumers can't tell the difference even from inches away!

Available on a custom order basis only. NeoTerra™ can be produced in any color.

NeoTerra™ Tall Upstyle™ Covers are an excellent upgrade bringing a raw earthy uniqueness to your potted plant offering. Contact an A-ROO Company Sales Professional for more information.

FUCHSIA, GRAY, PINK, WHITE, NAVY, TEAL, YELLOW, GREEN, AND BLACK
